Subject: Thank you for approving the Electric Energy Efficiency Rule

Commissioners:

THANK YOU for your leadership in support of energy efficiency!

Your vote last week to approve the Electric Energy Efficiency Rules, with an energy efficiency standard of 22% energy savings by 2020, will provide significant energy cost savings to consumers and businesses, as well as additional benefits to Arizona, including more jobs, an improved economy, and cleaner air and other environmental benefits.

SWEEP estimates that the electric energy efficiency standard will lead to about \$9 billion in lowered utility bills for households and businesses in Arizona.

The Arizona energy efficiency standard is among the most ambitious approved by any state in the country.

I thank you for your leadership and foresight in approving the Energy Efficiency Rules. And the customers of Arizona will be thanking you for years to come.

Jeff Schlegel, SWEEP
